Township Sprayed For Gypsy Moths

by **LARRY O'KELLEY**
Freelance Writer

At the May 13th meeting, Chuck Angel the Gypsy Moth coordinator reported to the board that 1,950 acres would be sprayed and requested authority to spray the township property as well as 32 miscellaneous acres that would allow the spraying to be more effective. The board approve the additional cost.

Aerial spraying of the township did occur over the following weekend of May 16th and 17th. It is anticipated that Mr. Angel will provide the community as well as the Huron River Weekly with a map

showing the total areas sprayed. Any areas not sprayed, but paid for, will be reported to the township for the issuance of refunds.

In other board action, Treasurer Adkins provided the Board with a document discussing the position of a Senior/Youth Recreation Director. He advised the board that grants sometimes hinge on having a full-time director and provided the information for their review.

Trustee McKinney expressed concern with the director being responsible for both senior and youth programs. He suggested the board focus on a youth director and then work on the other position at a later

time. He further suggested that they look toward a part-time position to start and mentioned a summer time program directed by a Huron teacher.

It was decided by the board to refer the matter to the recreation committee and the board would discuss again in June.

In an unrelated matter, Trustee McKinney also discussed his desire to limit the number of building permits issued during the year. He had asked that the matter be placed on the agenda and suggested a limit of 100 permits per year.

He cited the legal basis for such a drastic move as "health, safety and welfare." He advised that he was concerned about the rate of development and also the building department's ability to keep up with it.

Treasurer Adkins spoke of less dramatic action and suggested they look at improving the building department. He seemed concerned about the severity of limiting permits to 100 a year but suggested there could be some limits imposed. He suggested they need to

remember that minor changes to a person's property requires a building permit and this should be considered an exception to any limit.

The matter will continue to be discussed at a June meeting.

In another matter, the board placed a June 1st deadline for any Huron Township in-house personnel to apply for the fire chief position. If no acceptable candidates come forward, the board will expand their search to outside applicants.

Jack McBain Elected

Jack McBain has been elected commander of the Kenneth E. Miller Memorial Post 6040 Veterans of Foreign Wars.

McBain will serve with Bill Cripps, Sr. Vice Commander; Louis Gibbs, Jr. Vice Commander; John Haapapuro, Quartermaster; Steve Shaffer, Chaplain; Harry Ellis, Surgeon; Joe Prater, Service Officer; Frank Goyette, Bob West, and Jesse Skarina, Trustees;

Emil Krzyske, Adjutant.

We would like to thank Huron Township residents for making our "1998 Buddy Poppy" drive a huge success with their donations.

"It isn't the price you pay to belong ... It's the price you paid to become eligible to join!"

Monthly meetings are held at the Krzyske Community Center on the third Tuesday at 7 p.m.

The *Dusty Fiddles*, Carrie Reitz and Angie Watt, entertained crowds at the Huron Township Ice Cream Social.

We Don't Put On The Dog Here, We Put On The Hot Fudge!

Over 100 people attended the Huron Township Historical Society ice cream social held on May 20th at the Krzyske Center.

The people were entertained by the *Dusty Fiddles*, who are regulars at the soci-

ety's annual social. The ice cream, provided by Gibbs Sweet Shop, was served by owner Barb Gibbs and Huron Township Trustee Nora Adkins. Each gave generous toppings of chocolate fudge or strawberries to the ice

cream.

Visitors were able to examine many historical photos and displays attesting to the long, rich history of Huron Township.

If you missed the social, start planning for next year.

Letter to the Editor

I would like to respond to the allegations of misconduct by the public access. I personally take offense to these absurd fabrications. I am a volunteer for the public access and I attended the township board meeting on May 13, fully intending to set up for a taping. But when only one other person showed, there were not enough qualified technicians to do the job. When confronted with the situation by a member of the audience, Treasurer Adkins explained that the public access is run by trained volunteers and is not a required part of a board meeting. I also explained that we would not be able to tape with a two-person crew and we also needed a qualified technician to run the cables to the equipment. I had hoped that this logical explanation

was adequate, but apparently I was wrong. Over the next several days someone was attempting to use this situation to further their own agenda. Otherwise it would have never been given a second thought. But was turned into a ridiculous fiasco.

We volunteers on the public access are trying to be there for our community and will continue to do so in the future, but you must realize that we are *volunteers* and things come up in our own lives sometimes. By all means please come to a board meeting and you can see for yourselves that some people are only giving you half truths. The township board is doing the jobs that they were elected to do and things are not as bad as some people would want you to believe.

Judge Candidate Aids Blind Children

Sunday morning found a large group of swimmers, divers and others gathered at Flappers in Lincoln Park, all preparing for the annual Penrickton Center for Blind Children River Float. The group loaded up and went down to the Detroit Riverfront in Ecorse where they entered the cold waters and floated downstream to

Rick's Cove in Wyandotte. After getting back on dry land, the group returned to Flappers and continued the fun. This fund raising event was attended by 100's and all proceeds were for the Penrickton Center. Judicial candidate Norm Kohlstrand led a large group in assisting with the staging of this event. A good time was had by all.

HURON TOWNSHIP NEWSLETTER

From the Office of Township Supervisor

by David Claab

The old adage is "you can't judge a book by its cover." In some cases that is true. But the "cover" creates an immediate image and impression.

As your supervisor, I have been working hard to help improve the image of our township. I want our township to be viewed positively by its residents and by surrounding communities in our region. We are blessed with beautiful natural surroundings and resources; we have large residential parcels and open space, the metro parks with all their amenities, the quaint and historic downtowns of New Boston and Waltz with their antique lights and benches and the gem of the township, the Huron River that winds through our community. Few communities can boast of what Huron

Township has to offer.

I want our residents and businesses to feel proud to reside in the township. It is imperative that we all work together to maintain and build upon the positive image of our township. I want to ensure that township government promotes the image of our community by demanding and attracting good quality residential and commercial development which is aesthetically pleasing and which compliments our township. We must insist on the highest standards for new development in our community so that future generations will view us as having been good stewards of the township and its resources. Through the implementation of proper building standards and codes and through proper ordinance enforce-

ment, we can help maintain our beautiful landscape and preserve our property values.

However, if we are going to have the type of community we can all be proud of, all of us have to be committed to doing our part. As we enjoy the beautiful weather this early spring has brought, I encourage each resident and business owner to step back and take a look at your home, your place of business and your yard. Ask yourself if there is something you can do to improve the image of your property. Maybe it's simply a coat of fresh paint on your home or repairing a hanging gutter which would spruce up its appearance. Perhaps it's cleaning out the debris which makes its way into the roadside ditch in your front

yard which interferes with water flow and makes it difficult to maintain. It could be as simple as planting a tree, some flowers or shrubs around your home or business which makes the difference. It's also contagious! Don't be surprised if your neighbor doesn't feel compelled to improve the appearance of their property after seeing how much better yours looks with a little attention.

It is up to us to create our own image - we create our own reality. Let's strive to create a "cover" of our township that we can all be proud of and for others to judge us by. Together, we can make a difference!

P.S. Don't forget to take advantage of the spring clean-up and recycling opportunities in the township.

From the Office of Township Clerk

by Dawnette Bowers

Many people have not yet realized the impact that the year 2000 may have on our everyday lives. Not only will it affect computer systems but it will also affect many other items within our homes and businesses. Any appliances or machinery we have (i.e. furnaces, fire alarms, security alarms, kitchen appliances, and, of course, computers, just to name a few) may be affected. The year 2000 problem is the inability of some systems to recognize and process dates that extend beyond the year 2000. Until recently, to save memory space, computer systems and microprocessor chips, have identified years using two digits. This means that the numbers 00 to 99 reference the years 1900 to 1999. This also means that as of January 1, 2000 any computer, appliances, etc., that uses a two-digit year formula will be unable to differentiate between 1900 and 2000, causing many to fail. The fact that 2000 is a leap year may also cause additional problems.

How many of us have these things in our home? Probably all of us. If you are unsure whether or not your particular items will be Year 2000 compliant you can contact the manufacturer for help. If you are or will be purchasing any new computer systems, appliances, etc., please be sure to find out if these items are compliant before you are faced with having to replace them after 2000. Don't depend on the manufacturer to automat-

ically supply you with equipment that is compliant. At this time there are no laws requiring them to do so and I am sure that they would be more than happy to sell you new equipment when the old no longer works after 2000. One precaution is for you to require the company you are purchasing from to supply you with a letter or affidavit (must be in writing) stating that the equipment you have purchased is Year 2000 compliant. This may be your only recourse should the equipment fail after the year 2000. Existing computer systems, etc. can be tested and deemed either Year 2000 compliant or not.

Resources: Information on Year 2000 problems is available on several internet websites. The following is a list of names, website addresses, and a brief description of some of the more helpful.

Notice To All Huron Township Residents

Please be advised there is no open burning in Wayne County. The only exception is for agricultural burn and you must fall in the guidelines of Wayne County laws. You can obtain a request for agricultural burn from Wayne County Extension Program. If the township receives any calls on open burns we will send the ordinance officer or police officer to check it out. If we have no permit on file from Wayne County, you will be asked to put out the fire or the fire department could be sent. You would also be subject to receive a violation for open burn which would be a court violation. If Wayne County is notified of a burn without a permit they can also issue a violation. If you have material to dispose of that can't be taken with regular trash, and you don't qualify for a permit with Wayne County, contact the Huron Twp. Offices.

Safe Driving Award

Steve Rogers, terminal manager and Angie Thompson, fleet manager at J.B. Hunt of New Boston proudly awarded a driver, Anthony Barbarino a check for \$1,000. Anthony, known as Tony, received congratulations May 18th for accomplishing 2,000,000 miles safely.

Ms. Thompson stated "Tony has not had an accident since 1985." Thirteen years of driving accident-free, J.B. Hunt has adopted the motto: We go the extra mile for safe drivers, and Anthony has certainly given the New Boston terminal something to celebrate.

Apparently only eleven of these awards have been issued throughout the United States.

Tony had plenty to be elated

over as well. He also celebrated his 14-year anniversary with J.B. Hunt, and announced he would be thinking of retiring soon.

Mr. Barbarino and co-workers celebrated with a light lun-

cheon following the ceremonies.

"Congratulations Tony, it is clear J.B. Hunt Trucking has, and is, going the extra mile for safe drivers."

C.Y.B.O.R.G.S. Learn Photography

On Thursday, May 14th, the C.Y.B.O.R.G.S. were learning about their cameras. Sherry Eberhardt instructed the members in the fine art of photography. They learned techniques that will help them take photos instead of just taking

pictures.

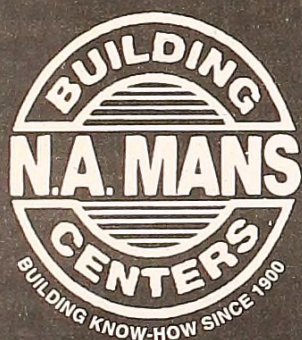

The members had a change to use their skills on Saturday, May 16, when they met at the Crosswinds Marsh. The members will share what they had learned when they bring their photos to the next class.

Students learn about photo composition.

Brown President of Michigan Funeral Directors

David C. Brown of Grand Rapids, Michigan on May 7, 1998. Mr. Brown installed as the 105th President of the Michigan Funeral Directors Association at its 119th Annual Convention in

Belleville, Michigan was established the David C. Brown Funeral Home in Belleville in 1982 and in 1994 opened the Brown Family

Center, which provides after-care services and pre-planning consultations.

Mr. Brown has been active in MFDA since 1978 and has held the position of President-elect, Vice President and Treasurer and Recording Secretary. He also served for several years as the Director of the Association's District 2, which covers most of central southern Michigan and has been an active member of the association's Grievance and Ethics Committee, which monitors the members conformity with high standards of professional ethics.

Mr. Brown is also very active in many business and professional organizations on the state and community level. He has maintained perfect attendance in the Belleville Rotary Club for 17 years. He is an avid supporter of several charitable and volunteer programs as well. Dave and his wife, Martha, are members of St. Anthony Catholic Church and have two grown daughters, Amy and Shelly.

Almost all funeral homes are members of the MFDA, the oldest funeral directors association in the nation. Founded in 1880, it is dedicated to promoting the professional character and education of funeral service practitioners and the maintenance of high professional ideals of public service among its members.

4 REASONS WHY YOUR CARPET WILL SHINE

When You Use

Hildebrand Carpet & Upholstery Cleaning

1. **Thorough Cleaning** - Use the most thorough cleaning method there is. Some cleaning methods use chemicals that leave a residue on your carpet. That doesn't get the dirt out, it just covers it up. My method doesn't leave a residue and is very powerful. It cleans way down to the base so your carpet will look brand new again.
2. **Stays Clean Longer** - Since we clean all the way down to the base of your carpet, your carpet will stay looking clean longer.
3. **I use only certified technicians.** Each technician has been through extensive training on how to properly use our super equipment. If a technician isn't properly trained, your carpet won't get thoroughly cleaned.
4. **100% Money-Back Guarantee.** If you aren't thrilled with your carpet, I'll refund every cent. No questions asked!

In Loving Memory

Danny W. Johnson

Danny Johnson, age 48, of New Boston, died Wednesday May 20, 1998 in Ann Arbor after a short illness.

He was born December 31, 1949 in Monroe, Michigan. A life-long resident of Huron Township, Danny attended Huron schools and was a 1968 graduate of Huron High. After graduation, Danny entered the armed forces serving in the Navy, for three years.

Danny was preceded in death by his father, Albert, and an infant brother, Joseph.

Danny was married to Julia (Ward) and is survived by his children, Adam, Janee, James,

and Leigh.

Danny was also survived by his mother Viola of Huron Township, two brothers Lemuel and Larry, both of Huron Township, and two sisters, Sharon of Rockwood, and Susie of Huron Township.

Danny was employed for the past 28 years by Grand Trunk Western Railroad in Flat Rock.

Services were held Saturday, May 23, 1998 at Crane Funeral Home with the Rev. Father Wytaral of St. Stephen's Catholic Church of New Boston officiating.

Danny was laid to rest at Michigan Memorial Park, Flat Rock, Michigan.
